"Campaign Hours" ONLY count for political activity. This includes the items mentioned on the other side as well as time spent on CLUB, AzFRW or NFRW duties including preparation time and travel time but regular Club luncheons do not count unless you are doing campaign work such as educating members, getting petitions signed or other official duties.

Campaign hours end June 30, 2021 to give clubs and states time to prepare for the Conventions in the Fall.
