## *Choices Pregnancy Center*

While we celebrate the unprecedented overturning of Roe v. Wade, we recognize that this ruling will put a tremendous strain on the amazing organizations that help support these mothers in dire straits. We have chosen to rally, once again, around Choices Pregnancy Center and help alleviate some of the need that has already drastically increased.

During the months of October, November, and December we will be hosting a baby drive. We can accept NEW UNOPENED items, as well as monetary donations.
